

# BRYSTON

**A Lifetime of Music**

**MEMO: To All Bryston Customers**

**SUBJECT: Go Wireless**

**October 2018**

**Hi Folks,**

**Bryston is please to introduce some WIRELESS POWERED versions of our A Series and Subwoofer loudspeakers.**

**Bryston 'WIRELESS' A1, A2, Mini A speakers as well as the T-8, T-12 and Mini T Wireless Subwoofers. The A1 and A2 speakers incorporate a 500 watt internal amplifier and the A1 Mini a 70 watt amplifier. The T-8, T-12 and Mini T Subwoofer incorporate a 500 watt amplifier as well.**

**These wireless speakers come with a Wireless 4 in 1 Transmitter which lets you stream from any device using Airplay (Apple) or UPnP (Android, Windows).**

**A Pre-Amplifier that gives you volume control and lets you switch between inputs such as your TV or media player.**

**A Transmitter that sends the sound to each speaker (and to an optional subwoofer or 2) wirelessly.**

**The Bryston Web App / UI – via an on-board computer called the Raspberry Pi. Play content from your network, or a USB drive, and pair more than one system together to get multi-room capability. Play music in one room or in every room that has a system.**

**Pricing will be available shortly.**
