

# BRYSTON

A Lifetime of Music

MEMO: To All Bryston Customers

SUBJECT: Bryston Demo – AXPONA 2018

## ROOM #496 Bryston

Bryston is nothing new to the audiophile scene.

They are a Canadian company with a proven history of offering standout products that famously stand the test of time. Here at the show Bryston has assembled one of their six-channel actively-driven and DSP-controlled 2-channel speaker systems.

That may sound confusing at first, but to sit and listen to this all-Bryston offering is to have everything clearly displayed in front of you in a field of sound that is expertly measured and precise!
